Lua, changes parents<sup>1</sup> with her family, and has to change schools. For Lua, all this change is not easy because she is very shy. But she loves to write, she always writes what comes in her heart and in writing she says everything she feels

# First day of school on the moon

Lua went to school anxiously and scared, but luckily she found Nayla, who was very friendly and wanted to be her friend. Lua accepted with certainty, because she knows that it would be difficult to find an opportunity to make friends again. And not just for that, but because she liked

At school there was a well-known boy, his name was Noah. Lua began to notice that she was feeling something for him, but she didn't care because she knew that love would be a little difficult, because she was shy and because she thought she would have no chance. ...

Lua then started writing letters to him, but swore that she would never deliver them, out of fear. She wrote thousands of letters, and her love for Noah only grew day by day. He also wrote letters that said he didn't want to have that feeling that it made you a little bad, because he thought he would never be with Noah...

Nayla decides to throw a school party and invite everyone. At first Lua didn't want to go, but soon after she agreed. The party started and everyone was partying until the bad girl Katy (had found Lua's cards), she revealed all Lua's cards, to everyone. Lua started to cry until Noah noticed and went to talk to Lua, he said to she was not ashamed because he had also been feeling something for her for some time, he just didn't have the courage to tell her. From that day on, the two got to know each other better and started to have something beautiful.

Lua, muda de pais com sua família, e tem que se mudar de escola. Para lua não é nada fácil toda essa mudança por ela ser bem tímida. Mas ela adora escrever, sempre escreve o que vem em seu coração e na escrita diz tudo que sente.

# Primeiro dia de aula da lua:

Lua foi ansiosa para escola e com muito medo, mas por muita sorte encontrou a Nayla, que foi muito simpática e quis ser sua amiga. Lua aceitou com toda certeza, pois sabe que seria difícil encontrar uma oportunidade de fazer amizade novamente. E não apenas por isso e sim porque gostou de Nayla.

Na escola tinha um garoto bem conhecido, ele se chamava Noah. Lua começou a notar que estava sentindo algo por ele, mas não deu bola pois sabia que seria um amor um pouco difícil, por ela ser tímida e por achar que não teria chance alguma...

Lua então começou escrever cartas para ele, mas jurou que nunca entregaria, por seu medo. Fez milhares de cartas, e seu amor por Noah só aumentava dia após dia. Também fez cartas que dizia que não queria ter esse sentimento que isso te deixava um pouco mau, por
