

a girl Named Katya

Diaries of a romance

FRIENDS FOREVER

My name is Henry McKennie, and I feel so bored. I study at a full-time school in Ireland, I don't have time to have fun, my life is studying. But today when I was walking through the school cafeteria, I saw a huge book lying on the floor. A red book. I had nothing to do, so I picked up this book, at first I thought "there must be something wrong with me for me to consider this" but, since I wasn't doing anything, I'll take it with me.

As I stand outside the house, I think about her... where is she now? what is she doing? I don't know, but I hope she's okay.

Our relationship lasted 4 months, it was so quick, but in so little time I feel like we lived like a real couple, a groom and a bride. I've never met someone like Katya, her smile, her charisma, her personality, her blonde hair... I just know that I enjoyed every moment with her.

I can't forget Brenda, that sucks. This emptiness inside me, this feeling is so annoying. I just can't accept seeing Brenda with a man other than me, I don't know, that's shit. She comes to my mind all the time, when I go out on the streets, I'm afraid of meeting her and having to look at her after all this. I've asked my friends how I should forget her, but they all say the same thing. This is so ridiculous. At that moment she must be living her life peacefully and has completely forgotten about my existence, while I am remembering the moments.

That's when the idea of adding the Russia option came up, because I remembered a Russian friend I had a year ago, her name was Viktoria. She made me have a good impression of Russians, she was 16 years old, but she was much smarter than me, she gave me a lot of advice, she was nice. But of course I'm not going to put my photo and real place of origin, firstly because I've never used this app before, it could be dangerous. Second, well, I'm not an attractive guy, certainly people aren't going to respond to me. Third, who doesn't love the United States? I'm going to create a fake American. It will be... Dominick West from New York.

-So, Danil. I found the ethnic issue in your country interesting. For me, Russians were all blond and light-eyed.

-Hahaha, you are mistaken. There are several ethnicities here, there is an indigenous tribe the Eskimos, for example.

-This is so crazy, I never imagined it

-Yes, in Russia there is not just one people, haha. There are many foreigners here too, mainly Asians. But there are also Europeans, Indians... they are mainly in Moscow.

-What is your opinion about Caucasians?

- I have some Caucasian friends, they are good people.

Oops, looks like a Russian girl replied to me, let me see ..

I don't know what happened, we've been talking until now, maybe she liked my sincerity, I don't know. But it's already past midnight and I'm still talking to this girl, by the way, her name is Katya. She is 19 years old. Well, I know life and how things are, I'm sure that in a few days she and I will stop talking.

Katya and I are still talking, this girl is amazing, she is funny, fun, sincere...this woman is awesome. Today she asked me to give her Instagram, which scared me a little. I told her "we better not talk on Instagram, it will bring us closer and you will fall in love with me" of course she won't fall in love with me, she will fall in love with Dominick, and I want to save her from suffering. But she insisted, she said she wanted to send me a video, and I gave her my Instagram, we're talking there now.

Some Russian women started messaging me on speaky, and other Russian women responded to my messages. My app is full of Russian women to respond to, I responded to a few but soon lost interest. I didn't take the conversation further, I just want to talk to Katya.

Time is passing, I'm trying to portray the image of a serious man without feelings to Katya, but I think I'm starting to like her, she's so kind, so beautiful... but I can't do that, I can't lie for her. She thinks I'm Dominick, I can't hurt her. I need to tell the truth, but at the same time I feel like if I tell her the truth, she will be angry with me and won't want to talk to me anymore, I don't want her to stop talking to me :(

conversation with Danil in speaky

-What's up men

-Are you there?

-Hello, Dominick! how are you? Sorry for the delay, I was at work.

-How are you?

-what? Hahahaahahaha. Really??

-Yes, look:

-Wow, my girlfriend is also called Katya. Common name here in Russia.

--Serious? what a coincidence hahahaa

-Yeah, sure haha.

-Did you guys meet here at the speaky?

-Yes yes
