It's always been in my soul.  
I express many times through the poems ...  
I learned that through writing I feel complete.  
This is a book of poetry that I dedicate to  
my inspiring poets and poets,  
who made poetry the food... "

We stuck to our charms?  
Sweet love...where are your guts?  
That opened the passage  
of my sighs for you to reign?  
I'm here taking this hot drink and black  
reminiscent of the color of my body.  
You and I are engaging the mix  
of pure love as a spring that  
absorbs our souls in love...
